

# JAMM'S 5<sup>TH</sup> ANNUAL MATH-A-THON

## PUZZLE CHALLENGE

**MARCH 3, 2017**

Students will celebrate and demonstrate their MATHLETE skills by using deductive reasoning, algebraic thinking, and their understanding of numbers and mathematical operations to solve as many PUZZLES as possible in a given time period. Students will be introduced to these puzzles in their classrooms.

### GOAL

We want to get our students excited about math and celebrate their abilities while raising much needed funds for our school. Students will ask supporters to donate a flat amount of money to sponsor them for participating in this challenge.

### PRIZES, PRIZES, PRIZES!!

This year we will be giving away a **San Jose Giants VIP package which includes throwing out the first pitch, Amazon Gift Cards, an AIMKO 7" Quad Core Tablet, and much more!!!**

### HOW TO WIN

For every \$25 you collect, you earn one entry in to the prize drawing. Students can also earn a PUZZLE BONUS by correctly solving 2 puzzles. The more money you turn in the better the puzzles bonuses get and the more entries you earn in the grand prize drawing. For example, if a student turns in \$125, he or she will earn 5 tickets in the drawing. If that student also solves two puzzles correctly, he or she will earn the puzzle bonus of a homework pass and a Mathlete Goody bag.

Money Collected	Tickets in Drawing	Puzzle Bonus (get 2 puzzles correct and earn an additional bonus)	Class Bonus
\$25	1		The top earning class in the school will earn <b>a movie and popcorn!!!</b>
\$50	2	Homework Pass	
\$75	3		
\$100	4	Homework Pass and Mathlete Goody Bag	
\$125	5		
\$150+	6+	Homework Pass, Mathlete Goody Bag, and Ice Cream Party
